Weight	395	420	445	475
No. of Blades	42	48	54	60
Gear Box Overload Protection	Shear Boit	Shear Boit	Shear Boit	Shear Boit

BENEFITS

- Cavallo Gold G-Series Rotavator is better than other agricultural equipments to prepare the soil in just one or two rounds of cultivation. Saves 40% diesel and 60% of time.
- Traditional method takes minimum 10-15 days to prepare the seed bed whereas with cavalo gold rotavator soil is immediately available for sowing.
- Helps prepare the soil very quickly so that moisture of previous crop is retained, thus helps in better water management.
- Beneficial for the land available after reaping sugarcane, bananas, jute, dried grass and any other crop.

ROTOR RPM CHART

RPM for Multi-speed Gear Box						
Tractor PTO 540 (RPM)						1000 RPM
15-20	16-19	17-18	18-17	19-16	20-15	13-22
160	180	200	225	252	282	232

SALIENT FEATURES

- Gear Box : Heavy duty export quality gear box, durable product.
- Box Frame : Heavy duty square pipe made from heavy plates for a strong structure.
- Trailing Board : Automatic springs helps to have a quality cultivation of soil, it's adjustable pressure balances the wet soil.
- P.T.O Shaft : Water proof & cross with protection guard.
- Tiller Blades : Blades made up from imported parts which easily cultivate the soil without heavy load, leads to smooth run.
- Side Transmission : Side gears made from best quality steel, heat treated technology which enables efficient functioning for a long product life.
- Italian Rotor Blades to give long life and smooth functioning.
- Double spring multi lip oil seal.
- Highly anti-corrosive best in class powder coated paint.
